

FOR IMMEDIATE RELEASE

## LIGHTFAIR CONNECT SET TO LAUNCH DECEMBER 8 ON-DEMAND CONFERENCE LIBRARY WILL BE AVAILABLE AT LIGHTFAIR.COM

**LAS VEGAS** – November 29, 2021 – LightFair Connect, the virtual, on-demand library of conference sessions from LightFair 2021, will launch December 8 offering 27 sessions – with 32 available CEU credits – to continue the return of industry-wide education across lighting categories leading up to LightFair 2022. The next LightFair event is June 19 – 23 at the Las Vegas Convention Center.

“LightFair Connect is a great way for the lighting community to stay engaged until we meet again in Las Vegas next June,” said Dan Darby, show director. “Our educational sessions – a number of which sold out – were well-received by attendees at the 2021 conference. LightFair Connect offers an opportunity for those unable to attend in-person to stay up-to-date on industry-wide innovations.”

The 27 LightFair Connect sessions recorded during the 2021 LightFair Conference are comprised of a variety of 60-minute and 90-minute courses across the six tracks – **Application & Evidence-Based Design, Art + Inspiration, Design Tools + Techniques, Experiencing Light, Professional Development + Practice and Technology**. All on-demand education will launch on December 8 and be available, for a reduced fee, for a limited time at [www.LightFair.com](http://www.LightFair.com).

LightFair Connect pricing runs \$25 per 60-minute session and \$35 per 90-minute session. All 2021 LightFair Conference in-person attendees with three- or five-day packages will have free access to all session recordings, and those who purchased ala carte conference sessions will have access to the on-demand versions of those same courses. LightFair Connect registration and CEU accreditation information will be available on December 8 at [www.LightFair.com/LightFair-Connect](http://www.LightFair.com/LightFair-Connect).

The 2022 LightFair Trade Show and Conference will focus on future-shaping innovations and an incredible attendee experience driven by new product discovery, networking and on-floor education in the new West Hall at the Las Vegas Convention Center. The next annual architectural and commercial lighting event runs Sunday, June 19 through Thursday, June 23 (Conference June 19 – 23 and Trade Show June 21 – 23). Registration updates and LightFair information can be found at <https://www.LightFair.com/Las-Vegas-2022>.

### About LightFair

LightFair, the world’s largest annual architectural and commercial lighting trade show and conference, is owned by the International Association of Lighting Designers (IALD) and the Illuminating Engineering Society (IES). The event is produced and managed by International Market Centers. For more

information, visit [LightFair.com](http://LightFair.com). Follow LightFair on Facebook, Twitter @lightfair, Instagram @lightfair\_international, LinkedIn and YouTube.
